It's affordable, it's reliable and I've always felt safe. Yellow cabs are where I have only experienced uncomfortable settings. Does anyone behind this ever rode an in uber?!? Most adult southerners don't use cabs.

There might be more important things you guys could be focusing on...

Please allow UBER to operate in your state. It is a great way for your citizens to have access to safe and affordable ride service in the Palmetto state. Thanks!

You're setting our state back in more ways than one if you end Uber service. The citizens want it, it's as safe if not safer than taxis.
